EXAMINER'S AMENDMENT

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on October 6, 2006 has been entered.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

In claim 1, line 9, the term --side-- was inserted after "discharge" to insure the term has proper antecedent basis in the claim.

In claim 4, line 3, the term --to-- was inserted after "ink" (first occurrence) since it appears this term was inadvertently omitted.

Claim 6 has been canceled since it is an exact duplicate of claim 5 and this appears to be an oversight by applicant.

In claim 15, line 3, the term "take" was deleted and replaced with --takes-- to use the correct form of the verb.

Reasons for Allowance

3. Applicant's arguments, see the remarks in the amendment dated October 6, 2006, with respect to the prior art rejection of claims 1, 3-13 and 15 have been fully considered and are persuasive. The rejections of claims 1, 3-13 and 15 under 35 USC 103 have been withdrawn, and the application is hereby allowed.
